DOMINA

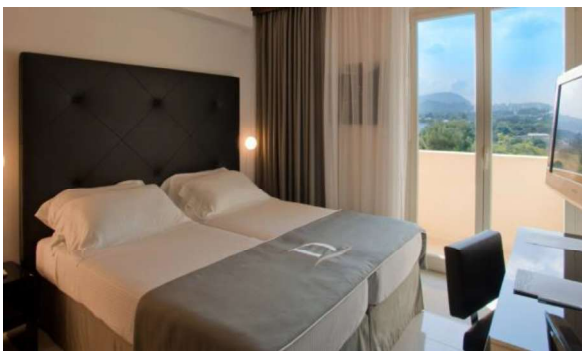

In Santa Flavia, a beautiful town just a few kilometers from Palermo, Domina Zagarella Sicily Hotel overlooks the sea, with spectacular views of the Gulf and the Porticello cliffs. Nestled in a large park garden spanning over 28,000 square meters, it is filled with century-old trees, lemon, orange, fig, olive trees, agaves, and bougainvillea.

The balance between interior and exterior is the strength of the Domina Zagarella Sicily: the main building houses the rooms, restaurants, services, and main common areas.

The conference center and the large pier leading guests to the sea and the two swimming pools are nestled within the park.

The colorful rooms are located on the five floors of the main building, equipped with every comfort (air conditioning, a pay-per-use minibar, and a hairdryer). Bathrooms can have either a bathtub or a shower.

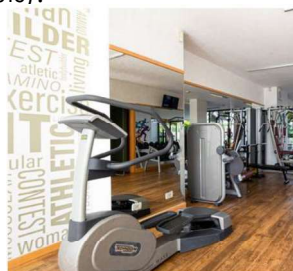

*Classic Room*

*Prestige Room*
